- Ben has exceeded time limit for Robbie

nice

settings

here the admin can monitor how long each individual have been on their phone.

They also have the option to lock all apps. this can be used of classtime or meetings, etc.

vitamin was number one  
and had activities as great as  
Sudoku and

had a lot of money so  
had a lot of  
activities to have a lot of fun.

what app are you requesting extra time for? CandyCrush

how much time? 100%

what is your reason?

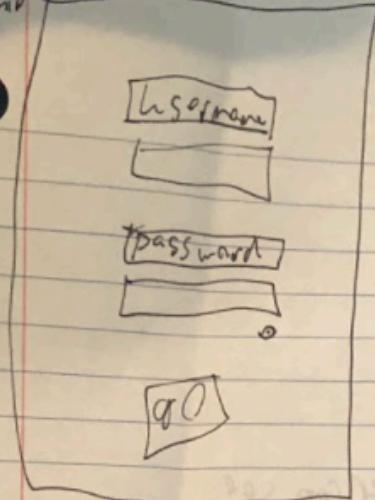

This is my only source of happiness.

Submit

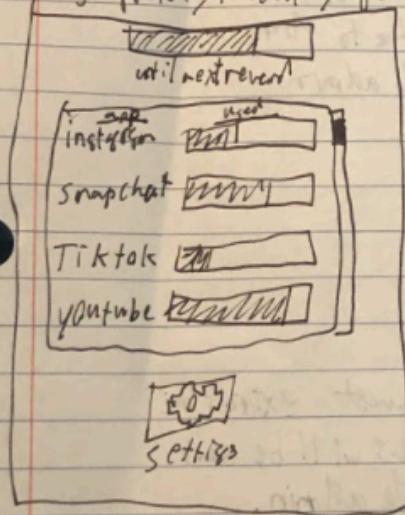

The user can request extra time for a specific app. This will be sent to and reviewed by the admin.
